Dear Mr. Weisberg,

Thank you, thank you, thank you. I received the books I ordered from you and have read the first four with exceeding great joy, if one can use that term in reading about JFK's murder and the vast corruption involved with the investigation (sic) and cover-up that still continues.

Thank you for your books, so filled with the hard work of many years investigating, analyzing and writing — exposing the truth; and thank you so much for stirring a hope in me; and, I'm sure, many others, that someday will know the rest of the story.

Thank you for all the years of hard work and sacrifice you and your wife have given to this work with little recompense or thanks. I, for one, recognize your country and generations

to come owe you a great debt of gratitude! Well done, thou good and faithful servant! You've done a fine body of work with great skill, clarity of thought, expertise, and an exceptionally keen insight; and all balanced with a fine sense of responsability and mature wisdom, I've rarely seen in the other many books I've read to this point.

I do hope you are preparing a dedicated young man to continue your work. He or she would have an immediate and anxious audience of one, perhaps many others, waiting for more of the truth. Until that time, rest assured, your books will be read many times and always have a place of honor in my library.

I want to thank you, as well, for your kind letter of 1-18-97. Your typing is far superior to mine.

I did purchase your books "Case Open" and "Never Again" from the Last Harrah Bookshop and some others as well. How sad to hear that 1/5 of "Case Open" was

out. Is there any way to acquire this missing information?

I will look for the books you recommend by Meagher and Roffman and Techniga.

Your comments on Jane and Garrison are appreciated. I've read both but did not appreciate either as I do your books; but have considered them far more responsible than most of the many I have read over the years. There is no one I've read in this area who compares with you — whether modesty precludes you from accepting it or not — you are the "Dean" and justly deserve the title!

Before I close, I want to order the one book from you I didn't before, as I saw no connection; but since you wrote it there may be. At any rate, since you wrote it I want to read it, so please send me:

My check # 2698 for $22.00 is enclosed.

I would be interested in any other books or materials you've written that can be made available for sale, xerox copies or whatever. Please let me know.

Thank you again for all you've done and . . .

Kindest regards,
